

ADDENDUM NO. 2

**BLUFF ROAD COMPOST AREA RESURFACING
SPECIFICATION NO. 05-150
CITY OF LINCOLN PROJECT NO. 569251**

The Contractor may utilize crushed concrete foundation course in place of the crushed rock base course. The crushed concrete shall conform with Section 307 of the Nebraska Department of Roads Standard Specifications for Highway Construction.

Special Provisions:

Add the following to the Special Provisions:

RETAINER:

The Contractor agrees that five percent (5%) of the total contract cost which shall be retained for the full guarantee period as stated in the General Conditions of the specifications.

A performance bond shall be required for all construction contracts. This bond shall be in effect for at least one year after final acceptance. Once the project is completed, the Contractor may submit a maintenance bond in place of the performance bond.

Retainer shall be defined as: The amount of monies or negotiable securities held by the City as security that the Contractor will provide guarantee of material and workmanship over the specified contract period.
